

Compliant to UL 325

## LEPUS BOX

POWERFUL COMMERCIAL  
SLIDING OPERATOR FOR GATE  
UP TO 1200 LBS - 40 FEET.

### The reliability of the motor reducer in oil bath

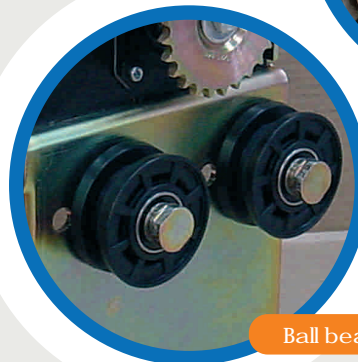

- Powerful commercial sliding operator for gate up to 1200 lbs - 40 feet.
- It is provided of mechanical clutch for a sensitive regulation of the motor torque.
- Polietilene case.
- The oil lubrication of all mechanical gears and electric motor grants a long last and the best performance in heavy duty applications.
- Buzzer alarm.
- Slow down in opening/closing.
- Reverse on obstacle.
- Innovative adjustment Limit Switch with screws.
- Ball bearing wheels.
- Master/Slave pre-wired control board.
- Yellow zinc metal chassis for many years lasting.
- Control board: PRE-GATE 2 with plug-in loop detector.
- Easy and secure manual release from the steel front door.

## LEPUS BOX

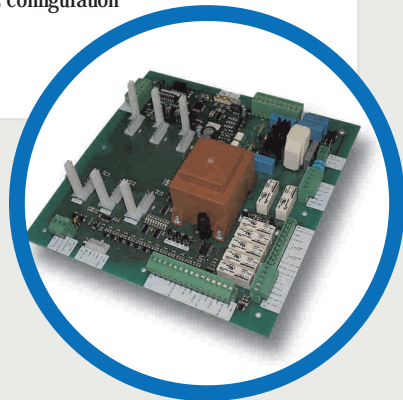

Specifications	Lepus Box
Supply Voltage	115Vac+5% 50-60Hz
Motor Current	3,1 A
Duty cycles	90%
Operating temperature	from -31°F to +131°F
Operator Weight	95 Pounds
Max gate weight	1200 Pounds
Max gate length	40 Feet
Opening time	13 inc/sec.
Protection class	IP55

## CONTROL BOARDS

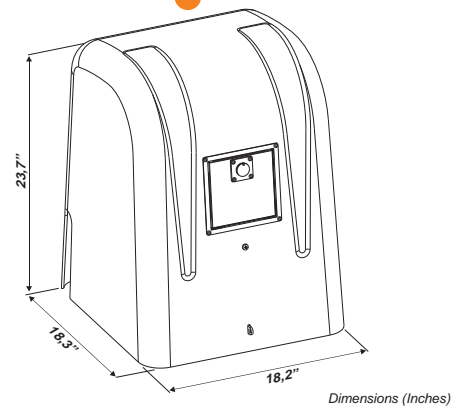

### Specifications

#### PRE-GATE 2 (Prewired universal 2 motors A.C.)

- Management of a 115 Vac motor
- Automatic closing
- Free exit loop management plug-in
- Safety loop management plug-in
- Self-learning operating time
- Limit switch management
- Encoder management
- Select closing to left or right
- Loop detection plug-in (3) management
- Slave board for second motor management
- Fire switch / telephon entry management
- Courtesy light
- Magnetic / solenoid lock management
- Back-up battery management
- Contact against intrusion management
- Self-test on photocells
- Alarm input/output
- Dip-Switch for SLAVE configuration
